The Hampton Park is a Georgian Charleston "single style" home. Its brick & siding exterior is formal yet has great personal appeal. This home features an alternate second floor plan with play room. It is designed to fit a 55' to 60' wide lot with the garage facing a rear alley or garage may open to left for an 80' lot. Four rooms open onto the expansive side porch. Wrought ironwork and 10' columns lend a timeless aura.
